SOLUTIONS

for

COVID-19 EMERGENCY

Guandong
theSpecialitieSpecialist

Choose us,
HELP THE OTHERS.

We are living an historical moment where
closeness and solidarity are words with new meanings.

That's why we decided that,
**for every order received until april 30th
and delivered until september 20th,
we'll devolve the 10% to the Red Cross.**

Today we're asking you to choose us to help others

DPI USAGE SURGICAL MASKS

Polyester Flag + Oxi-Dry liner

Polyester with TNT liner

Naomi Flag

All-in-one fabric

Italian Ministry of Health, with a note on march 12, told that **surgical masks for DPI usage** (Disposal for Individual Protection, as indicated in ministerial circular n.4373 of 2020 february 12) **are not classified as medical device** (because not designed for diseases prevention or use in sterile environments) so they are **not included in the goods subjected to medical control** by USMAF-SASN offices and **NOS** (medical clearance for import) **isn't needed**.

According to this we can say that our "Polyester flag with Oxy-Dry liner" and "Naomi Flag" are suitable for DPI usage surgical masks.

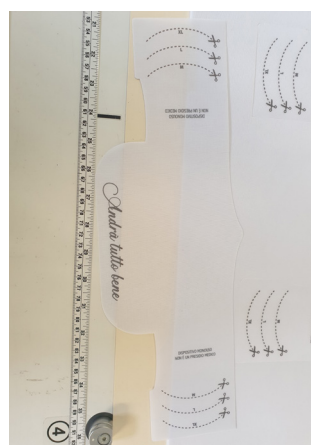

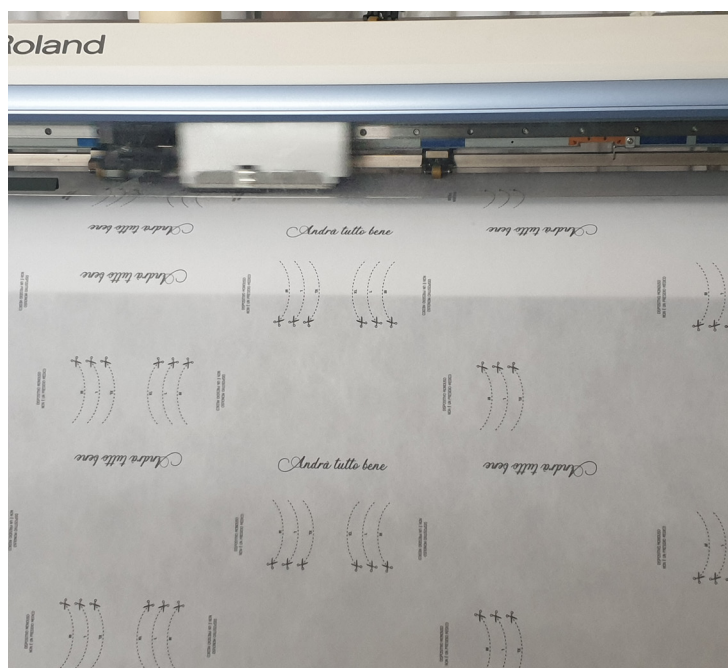

The materials are **NOT** a medical device

The materials **DON'T** have medical certifications

PRODUCT	CODE	WEIGHT (g/m ²)	DIMENSION	PRINTABILITY
POLYESTER FLAG + special Oxi-Dry liner	TFX-1630	160	Rolls 30 m x 1,07 m/x 1,37 m	E L U
