Overview

How to do it?

SPECIALIST ADVICE CORNER

1. We recommend carefully cleaning the surface of the wall or panel to ensure the best performance of the self-adhesive.
2. The surface of the wall or panel must be absolutely dry.
3. We recommend using a hot air gun to soften the compound, revive the glue and increase the overall adhesion of the film to the chosen surface.

INFO POINT: Ferro Paint

WHERE TO USE:

Points of sale, classrooms, children's bedrooms, nurseries, bedrooms, offices, recreational areas, museums, surfaces, furniture, kitchens, bars and restaurants, etc.

PRODUCT FEATURES:

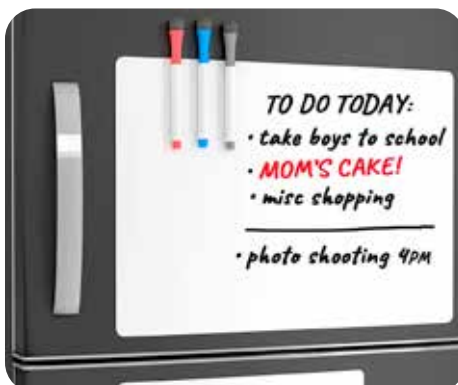

1. Ferro paint is not magnetic. It receives magnetic films.
2. It is 100% water based, easy to spread and clean
3. Low odor, no VOC, non-toxic and lead free.
4. It does not cause interference to any electronic equipment.

Note:

Ferro Paint can be used as a primer. It cannot receive too heavy magnets and works with flexible magnets with large contact surface such as postcards, magnetic posters and flat fridge magnets. Clean the jar and the tools used with water. Store the paint at a temperature between 0 ° and 50 ° C avoiding direct sunlight.

Mr Bordon whiteboards are perfect for offices, co-working spaces, schools, home schooling and smart working. They are easy to apply on all smooth surfaces, easy to remove, reuse and do not damage surfaces.

S.O.S. TAINABILITY: A FAMILY STORY

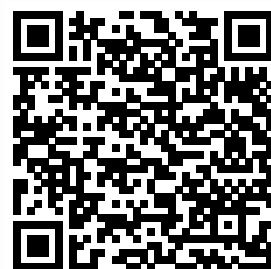

For us, at **Guandong Italia**, people are **at the heart of everything** we do. That's why we don't just provide **solutions for digital printing and visual communication**; in fact, we take care of every solution with **commitment** and **passion**, making **quality** and **relationships** the fundamental basis because **growing together** is our most important daily commitment.

At Guandong Italia, we strive to ensure that **our work environment is the best possible**. For example, our recreational areas are not just a place for relaxing, but also spaces where people can **grow personal relationships**, talk about common **projects, sustainability** and future **values** on which to lay foundations for years to come.

Réclame!®

The Future is no longer what it once was

We are the **digital decoration specialists**: with our media you have so far created unique and personal surfaces. We have been following the evolution of visual communication, including multimedia and online, for a long time.

As photography has adapted to the advent of cinema, without being overwhelmed by it, **wall stickers, window decals, roll-ups and displays are now harmoniously integrated with video techniques.**

Réclame® is the new multimedia and interactive content **service**, tailor-made and affordable for everyone.

- **VideoWally**: the 4.0 wallpaper
- **Skin**: the interactive screen

Where before there was a wall covering, there is now a monitor, where before there was a roll-up today there is a touch-screen totem that can be updated and modified

remotely and in real time, as long as you have images, animations and videos designed for every situation.

With **Réclame®** we can serve companies that do not have repertoire material, devising the most suitable **concept** and **developing** it within the **available budget**.

We deal with locations, actors, voices, music, copyrights and scripts. We work in professional studios using quality and innovative technologies: from simple smartphones to drones, Segway electric skates and Bolt cameras.

Our creative and productive structure satisfies everyone without sacrificing in terms of quality. We create **a finished package starting from your or your client's idea.**

We complete the post-production and provide you with the different videos for **social communication, multilingual** and in **all the formats you need.**

INFO POINT: what's inside Naomi

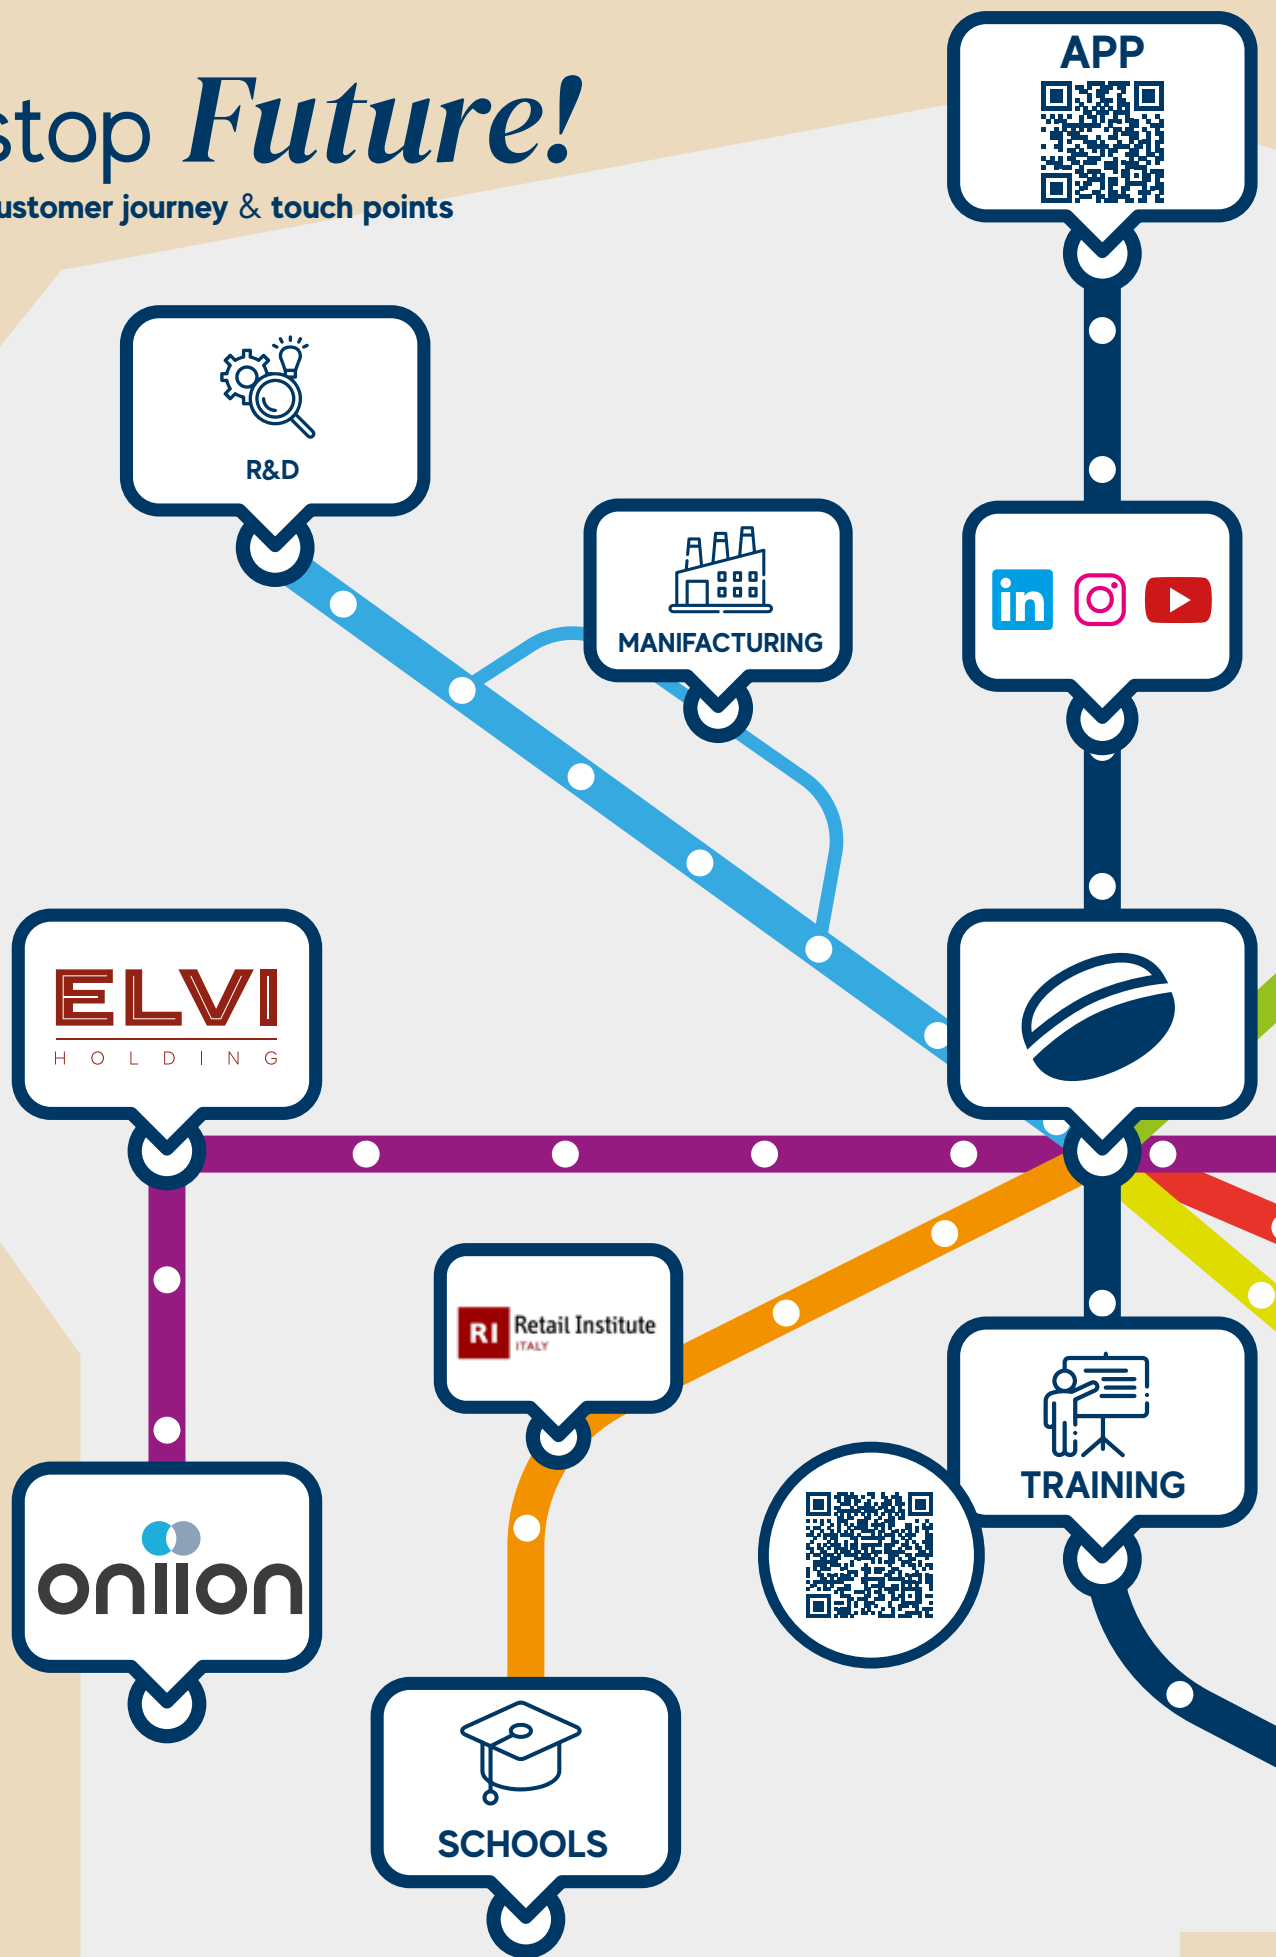

All Naomi textiles are the first to be developed with PCT resin (Polycyclohexylenedimethylene terephthalate). PCT combines excellent chemical resistance, workability and dimensional stability compared to PBT - substitute of PET - and PET itself, thanks to its higher melting point, giving a major mechanical strength at high temperatures. Naomi textiles also feature better resistance to hydrolysis - the molecular scission obtained through the action of water. Compared to weaker substrates, such as PBT and PET, Naomi textiles with PCT offer a breaking strength increased by 20%, plus an 18° C higher temperature resistance (internal tests) for up to 47% faster sublimation transfer. The ALL-IN-ONE surface treatment has been further improved and is now capable of being printed with textile pigment printing technologies. **Never so green: 100% recyclable, 4995 liters of water saved every 1000 linear meters.**

ACCESSORIES

Packaging, gluing, fixing ... with our Tools&Tapes you have everything you need to bring your projects to life easily, quickly and with the highest quality.

	PRODUCT	FEATURES	THICKNESS	WIDTH	LENG. (m)
1	TWOTACK® TAPE	PET clear tape for quick application of double-sided images, postcards, paintings and small objects	65 my	50 mm	10/50
	TWOTACK® FOAM	PET clear tape with black foam adhesive for quick application of double-sided images, postcards, paintings and small objects also on uneven surfaces	865 my	50 mm	10/25
	TWOTACK® KISS CUT	PET clear tape already divided into handy labels with black foam adhesive for quick application of double-sided images, postcards, paintings and small objects on uneven surfaces	865 my	60 mm	Label 35*50 mm
2	TWOTACK® JELLY	transparent tape without glue, washable and reusable, with high tack , for quick application of double-sided images, postcards, paintings and small objects even on uneven surfaces	1000 my	25 mm	3
	TWOTACK® OPTI-CLEAR	ultra clear PET tape permanent glue side to be laminated on the film, nano-technological adhesive side on the glass	180 my	50 mm	30
3	FORZA FASTENER	fastening system with high performance double-sided adhesive foam	4,7 mm	25 mm	5
4	REVERSO STRAP	reusable fastening clamps	1350 my	20 mm	20 cm
	REVERSO TAPE	reusable fastening tape with customizable length	1350 my	13/20 mm	25
5	TRANSTAPE 130	permanent acrylic biadhesive transfer tape for banners making	130 my	25 mm	50
6	PAPILLON	adhesive eyelet in white PET	70*40 mm		
	CUTTING TOOL	drilling pliers to be used in combination with Papillon	Ø 8 mm hole		
7	PEEL-GRIP	adhesive tabs for easy removal of protective liners	130 my	Label 40*25 mm Label 20*18 mm	
8	CROCHET	hook and loop fastening system in handy labels available in customized formats with G5 Factory services	650 my	Label 19*25 mm

Our FINANCIAL SOLUTIONS

TrustCard

Card value options: € 500, € 1000 or € 2000. Available in unlimited quantities. You can pay for them by bank transfer or credit card.

Have a look at the chart below to find out the **value of the goods** that you will be entitled to purchase, as well as ***free direct shipments** (see rules below) which are directly related to the size of the cards you choose.

SIZE (€)	VALUE OF GOODS (€)	FREE SHIPMENTS*
2000	2300	2
1000	1100	1
500	550	-

*valid for orders and deliveries confirmed by 31st December 2022 (excluding rolls wider than 2.20m)

5% FINANCIAL DISCOUNT

Do you want to pay up front?

You can get an **immediate 5% discount** through your trusted Guandong distributor

5% DISCOUNT WITH CREDIT CARD PAYMENT

Do you want to pay up front by credit card?

You can obtain an **immediate 5% discount** through your trusted Guandong distributor. *(the card is charged, on average, after around 30 days)*

RESCHEDULING 6 INSTALMENTS

Do you want to split your order into 6 installments starting from the subsequent month? We will divide up the amount into **6 monthly instalments at most** with an increase of 1%, first instalment 30 days after the order. Get additional details from your trusted Guandong Distributor.

General conditions: all values are net of transport and allowances. Not valid for special conditions or against promotional items. Valid at any Guandong distributor participating in the initiative and subject to prior credit assessment. Conditions are subject to change without prior warning.
